

Interim Report to IMLS

July 25, 2005

This interim report to IMLS supplied information about Project Athena activities since October, 2004. It included contributions from project principal investigators and project partners. The content of this report contained information related to fellows' activities and the progress of the development of the P²hD decision model. Following is a summary of the report:

Recruitment

- Each school's new fellows identified
- Updated matriculation information provided about continuing fellows
- Continuing fellows at all schools completed sponsor school visits

Education

- Summary of fellows' participation at ALISE
- Summary of fellows' participation at ALA's National Dialogue on the Curriculum of Readiness for the 21st Century Librarian

Assessment

- Summary of the accomplished and scheduled tasks for the development of the P²hD Program
